SKILLS

Frontend

HTML5 | Cascading Style Sheets (CSS) | Tailwind | JavaScript | React.js | Angular | Next.js | Redux | Bootstrap

Backend

Node.js | Express.js

Database

SQL | MySql | MongoDB

Other Skills

Git / Git Svn | Jira/Redmine/Bit Bucket | Postman/Thunder Client | Linux | Auto Deployment/Gocd |

SUMMARY

Results-driven Software Engineer skilled in HTML5, JavaScript, and web development. Thrives under pressure, adapts to challenges, and ensures organizational success. Collaborative team player with strong problem-solving, communication, and analytical skills, dedicated to producing clean, efficient, and maintainable code.

WORK EXPERIENCE

Full Stack Developer   Mar 2021 - Dec 2024
Spraxa Solutions Pvt. Ltd, India

Over the past year, I have actively contributed to the entire software development lifecycle, including quality assurance and deployment, delivering high-quality work while progressively taking on greater responsibilities.

- **Contributed** to the software development lifecycle, ensuring over 98% bug-free releases and maintaining high-quality outcomes with increasing responsibilities.
- **Developed** front-end and back-end features, improving system efficiency by 30%.
- **Reviewed** code, **resolved** 150+ bugs, and **maintained** 99.9% system uptime.
- **Shared** feedback in team meetings, reducing feature delivery time by 20%.
- **Managed** milestones from planning to deployment, ensuring on-time delivery with 100% deadline adherence.
- **Collaborated** with engineering teams to improve system scalability by 40%.

EDUCATION

Mca: Computer Science   Jul 2024 - Present
Bharti Vidhyapeeth

B. A: Arts   Aug 2014 - May 2017
Pgdav College   58%

Intermediate: Commerce   Mar 2013 - Mar 2014
Govt Boys Senior Secondary School   CGPA: 6.4

High School: All Subject   Mar 2011 - Feb 2012
Govt Boys Senior Secondary School   CGPA: 6.4

Project || Volza || Role - Full Stack Developer   Jan 2024 - Dec 2024

Project Links:
- **User Facing Application**: Volza App
- **Website**: Volza
- **Admin Panel**: DWD Volza

Key Contributions:
- **Analyzed** release efforts, optimizing task distribution among team members, improving release cycle efficiency by 25%.
- **Reviewed** PRs, **merged** code, and **guided** team members, ensuring a 95% reduction in post-deployment bugs.

- **Conducted** cross-team code reviews and **shared** knowledge to uphold coding standards, leading to a 30% improvement in code quality.
- **Managed** Agile processes using Redmine, overseeing sprint planning and training new team members, resulting in a 15% faster onboarding time.

Major Achievements:

- **Implemented** WebSocket and SignalR to notify users of duplicate logins with logout options.
- **Integrated** StarRocks to improve backend data loading times, resulting in a 50% improvement in data loading

Technologies:

React, Redux, MUI, Next.js, C#, Bootstrap, HTML/SASS, Node.js, Express.js, SQL, MySQL, StarRocks, ElasticSearch

Project || Ready Tracker (Steris) || Role - Project Lead
Jan 2023 - Dec 2024

Key Responsibilities:

- Coordinated with the Steris USA team through daily scrum calls and demos.
- Built and maintained the application, managing Bitbucket repositories.
- Reviewed PRs, merged code, and led internal and external development teams.

Major Achievements:

- **Upgraded** outdated packages and restructured the application.
- **Integrated** barcode functionality and implemented security fixes.

Technologies:

React, Redux, Bootstrap, HTML/CSS, C#, SQL

Project || CoolR Playbook || Role - Full Stack Developer
Jan 2023 - Jul 2023

Project Link: Dashboard for Coolr Group Inc IoT Systems

Key Responsibilities:

- **Completed** tasks assigned by the lead, supporting project objectives and contributing to a 15% improvement in overall project delivery time.

Major Achievements:

- **Implemented** StarRocks to improve data loading and reduce server load.

Technologies:

React, Redux, Bootstrap, HTML/CSS, C#, SQL, ElasticSearch, MUI

Project || TLS (Tailored Logistic) || Role - Full Stack Developer
Jan 2022 - Jan 2023

Project Link: Dashboard for TLS Inc

Key Responsibilities:

- **Completed** tasks assigned by the lead, ensuring 100% alignment with project requirements and deadlines.
- **Coordinated** with the client for urgent implementations and issue resolution, providing after-hours support and reducing downtime by 40%.

Major Achievements:

- **Monitored** site performance and ensured system stability.

Technologies:

React, Redux, Bootstrap, HTML/CSS, C#, SQL, Node.js, Express.js

Project || Life GPS || Role - Full Stack Developer
Mar 2021 - Jul 2022

Key Responsibilities:

- **Executed** tasks assigned by the lead, achieving project goals on time and improving overall efficiency by 20%.

Major Achievements:

- **Upgraded** project packages, optimized code, and integrated Zoom API.

Technologies:

Laravel, Angular, Bootstrap, HTML/CSS, MySQL

Project || SQL Data Transfer (Personal Project)
Aug 2024 - Sep 2024
